Carmen Cancrinum ad literam I.

Si bene tangis amore; è Roma signa tenebis.

Uberior Explicatio.

**E**St pretiosus amor, quem Roma reflexa notavit,  
Roma est, retrogradus, quam bene signat amor.  
Certat amor Romæ, sed & hæc concertat amori,

Ambiguam palmam bella duella ferunt,  
Reflexo in Romam quisquis collimat amore  
Est patiens & agens; est redamatus amans.

Digne pio Romam tetigisti Præful amore,  
Archi- hinc Præfulei signa decoris habes.

Carmen Cancrinum II.

**M**Unus ini mundi, si vis id numinis unum.

Fundatur in illo: *Porro unum est necessarium.* Luc. 10. v. 42.

Uberior Explicatio.

**Q**Uodlibet ut vario corpus componitur artu,  
Multiplicique icon una colore nitet.

Sic sua distincto gerit ordine munera mundus,

Quemlibet & propria lex statione tenet.

Ungarico ut Primas observareri in orbe,

Rex voluit, voluit Patria, Roma, DEUS.

Ergo munus ini, sanctum metire laborem,

Quodque necesse unum est, id Tibi munus erit.

Carmen Cancrinum III.

**S**erotinè rores edes, è rore nitores.

Uberior Explicatio:

**Q**uem zelus flagrans animarum, & cura salutis  
Excitat ad cupido lucra ferenda DEO;

Is stillat rores hortando orando, docendo,

Pectora fæcundat, mentis & arva rigat.

Parturit insolitos tandem ros iste nitores,

Divite dum plaudit germine cordis ager.

Dumque ferax spatiosa poli replet horrea messis,

Quantus abinde nitor! gaudia quanta fluunt!

NB. *Serotinè* secunda in gratiam artificialis metri est abbreviata.

# Rosa Cabalistica.
